Notes:
This report counts the number of companies, branches, and mortgage loan originators in each state, regardless of the number of licenses these entities may hold in each state. Thus, if a company holds two licenses within a state (e.g. broker and lender), the company is only counted once. The same is true for the Average MLOs per Company. Nationwide figures, similarly, only count each company, branch or individual once.

Percentage change indicates the overall increase or decrease in licensed entities that occurred over the previous 12 months.
Located in the state means that the company's headquarters, as identified on their NMLS Company Form, is located in the state, or the MLO's work address, as identified on their NMLS Individual Form, is located in the state.

Texas OCCC did not manage mortgage company licensing through NMLS in 2018Q2.
The following agencies did not manage mortgage branch licensing through NMLS in 2018Q2: Colorado, Indiana DFI, Michigan, South Dakota, Texas OCCC, Utah DFI.

The following agencies do not require Sponsorship of MLOs by the employing company: Florida, Texas OCCC, Utah DFI. MLOs located in the state and Average MLOs per Company may not be accurate.

## Definitions

Approved-Status assigned when regulator has reviewed the license/registration application and decided to issue a license to the applicant through NMLS.
Denied-Status assigned when a regulator has reviewed the license/registration application and determined sufficient grounds exist to deny the request. This status may also be used by regulators who deny a renewal request for license.
Withdrawn- Status assigned when an applicant has been approved to voluntarily withdraw their application or has not responded to regulator requests for additional information within a timely manner.
Revoked-Status assigned when a regulator has taken action to revoke the license/registration. Pursuant to federal SAFE legislation, placement of a MLO license into this status will render the MLO unable to obtain or maintain a license to conduct mortgage business in any jurisdiction.
Surrendered-Status assigned when a regulator approved a surrender/cancellation request submitted by the licensee/registrant.
Terminated-Status assigned when a regulator expires a license/registration.

## Notes

1. The Hawaii Division of Financial Institutions has indicated it is not able to release the number of license applications denied.

## Definitions

Approved-Status assigned when regulator has reviewed the license/registration application and decided to issue a license to the applicant through NMLS.
Denied-Status assigned when a regulator has reviewed the license/registration application and determined that sufficient grounds exist to deny the request. This status may also be used by regulators who deny a renewal request for license.
Withdrawn- Status assigned when an applicant has been approved to voluntarily withdraw their application or has not responded to regulator requests for additional information within a timely manner.
Revoked-Status assigned when a regulator has taken action to revoke the license/registration. Pursuant to federal SAFE legislation, placement of a MLO license into this status will render the MLO unable to obtain or maintain a license to conduct mortgage business in any jurisdiction.
Surrendered-Status assigned when a regulator approved a surrender/cancellation request submitted by the licensee/registrant.
Terminated-Status assigned when a regulator expires a license/registration.

The number of Active MLOs* in 2018Q2 decreased by 1.1 percent nationwide over 2017Q2, and increased 16.6 percent for the top ten state-licensed companies (by origination volume) year-over-year.
