Companies that hold a state license or state registration through NMLS are required to complete a Mortgage Call Report (MCR). The Expanded MCR contains two components; the Residential Mortgage Loan Activity Report (RMLA) and the Financial Condition (FC). The FC component collects financial information at the company level; it does not have to be completed by state.

Both RMLA and FC components must be submitted quarterly, within 45 days of the end of every calendar quarter for Expanded MCR filers.

Schedule A is the Assets section of the FC component of the MCR Filing.
