# NMLS Release 2016.1.4 – Release Notes

Release Date: August 22, 2016

General Enhancements			
SCR Number	Title	Description	Context
<b>35619, 35861</b>	Surety Bonds: Execution Authority validation during creation of SC/SBP Association	Surety Company and Surety Bond Producer associations functionality deployed in Release 2016.1 included the ability for a Surety Company to indicate if the Surety Bond Producer will have execution authority. The surety bond tracking functionality that will be deployed in Release 2016.3 will not support the workflow that would allow a Surety Bond Producer to create a bond or rider for signature by the Surety Company. Therefore, the association workflow will be updated to prevent users from creating associations without execution authority until supporting functionality is deployed in 2017.	State
<b>35736</b>	MCR: Include Delete All on Lists for All Versions	Certain previous versions of the MCR form do not provide the delete all functionality for lists. This capability will be added so companies submitting edits to filings in these previous versions will have this capability.	State
<b>35722</b>	InfoSec: Non-Compliant Browser Warning	Users attempting to log in to NMLS with a browser that does not support the TLS 1.2 security protocol will be directed to a landing page that will inform them of the need to upgrade to a compliant browser by Saturday, October 8 (2016.4 release). The user will be able to continue on to the log in screen. If a user fails to upgrade to a compliant browser by October 8th, they will no longer be able to access NMLS until the browser is updated.	State and Federal
<b>35723</b>	InfoSec: Consumer Access Non-Compliant Browser Warning / Restriction	Users attempting to access NMLS Consumer Access with a browser that does not support the TLS 1.2 security protocol will be directed to landing page that will inform them of the need to upgrade to a compliant browser by Saturday, October 8 (2016.4 release). The user will be able to continue on to the NMLS Consumer Access website. If a user fails to upgrade to a compliant browser by October 8th, they will no longer be able to access NMLS Consumer Access until the browser is updated.	N/A
