

NMLS Release 2019.7 Release Notes

Release Date: July 20, 2019

The purpose of these release notes is to provide a summary of Temporary Authority to Operate system enhancements included in NMLS Release 2019.7.

General Enhancements

SCR Number	Title	Description	Context
43441	TA: Company Relationship – Manage Relationship Type	Updates were made to the Manage Relationship page to allow companies to enter a Worker Classification type of 'W2 Employee' or Non-W2 Employee' and enter a Worker Classification begin date.	State
43443	TA: Composite – Display Relationship Type / Relationship Type Begin Date in Individual Composite and Individual Snapshot	The State Relationships page in Individual Composite, the Company Relationship Detail page, and the State Company Relationships section of the Individual Snapshot will display the most recent Worker Classification type and Worker Classification begin date for the listed company relationships.	State
43449	TA: MU4 – Completeness Check on MU4 to fill relationship type if company is initiating filing	A completeness check was introduced to verify that when the company relationship between the MLO and the company is established, the Worker Classification type must be defined prior to allowing the submission of a company-initiated MU4.	State
