2 Release Highlights

This section describes the new features introduced in software release 1.1.1 Scheduled for April 14, 2008.

Details: New features available/System modifications completed:

- **Other Business Names section**

When saving a “blank” Other Business Name record, users were experiencing errors when calculating total fees for filings on the NMLS website. The issue has been fixed.

- **Enhanced Individual Privacy**

To enhance individual privacy in NMLS, the following updates were made on the Individual Search Results screen.

- **Current:** Only the last 4 digits of the SSN and day and month of birth were visible on the Individual Search Results screen.
- **Updated to:** No part of SSN and only the year of birth will now be displayed on the Individual Search Results screen.
