GENERAL INFORMATION

SB 462 Effective July 1, 2020
On July 1, 2020, SB 462 became effective, amending Chapter 3 of Title 7 of the O.C.G.A., transferring all duties, powers, responsibilities, and other authority relative to industrial loans from the Industrial Loan Commissioner to the Department of Banking and Finance (Department). SB 462 also changed the name of such loans to installment loans and substantially revised Chapter 3 of Title 7 of the O.C.G.A., renaming the Act to the Georgia Installment Loan Act.

Transition to NMLS
The Department utilizes the Nationwide Multistate Licensing System (NMLS) to manage its licensees. Companies holding an Industrial Loan License with the Georgia Industrial Loan Division prior to July 1, 2020, are required to submit a license transition request through NMLS by filing a Company Form (MU1) and an Individual Form (MU2) for each of their control persons by October 15, 2020. The GA Installment Lender License will be available in NMLS to submit the transition request starting September 1, 2020. The transition to NMLS for this license is required.

Note: If your company already has a record in NMLS and has submitted the MU1 and MU2 forms in the past, you do not need to re-enter your company information into NMLS. You will only need to identify the business activities your company conducts and the states in which the various activities are conducted. Then, you will select the GA Installment Lender License and complete state-specific fields and submit the jurisdiction specific requirements.

All additional locations of existing Industrial Loan Licensees must also transition onto NMLS and will require a filing of a Branch Form (MU3) through NMLS. Please refer to the GA-Installment-Lender-Branch-Transition-Checklist. If a location is not already an approved Georgia branch location, then filing of an MU3 during transition will be considered a NEW filing for that branch and such location may not be operational until that filing application is approved. For new Georgia branch locations, please refer to the GA-Installment-Lender-Branch-New-Application-Checklist.

It is important that current licensees have the appropriate transition number available when completing and submitting their Company Form (MU1), so they are not charged a new application fee. The transition number is the licensee’s current Georgia license number. Be sure to enter this assigned Georgia license number as the transition number.

Who Is Required to Have This License?

Pursuant to the Georgia Installment Loan Act, located in the Official Code of Georgia Annotated (O.C.G.A.) § 7-3-1 et. seq.), an "Installment lender" means any person that advertises, solicits, offers, or makes installment loans.

07/01/2020
Georgia law defines an installment loan as a contract or agreement to make a loan to an individual in an amount of $3,000.00 or less, including the renewal or refinancing of any such loan.

Access to the entire Georgia Code is provided by LexisNexis from the Georgia General Assembly's website. Go to the O.C.G.A.

Rules governing the installment loan industry are primarily located at Chapter 80-14. Certain application, investigation, supervision, examination and other fees are also found at Chapter 80-5.

What do I need to know before I transition my license?

Control Persons: Control means the direct or indirect possession of power to direct or cause the direction of the management and policies of a person. The following persons must be separately identified and included in the Direct Owners/Executive Officers and Indirect Owners sections of the NMLS Company Form MU1:

(1) Owner:
   a. Owns, directly or indirectly, a 10 percent or more interest in a corporation or any other form of business organization;
   b. Owns, directly or indirectly, 10 percent or more of the voting shares of any corporation or any other form of business organization; or
   c. Exerts control, directly or indirectly, over a corporation or any other form of business organization, regardless of whether such person owns or controls such interest through one or more natural persons or one or more proxies, powers of attorney, nominees, corporations, associations, limited liability companies, partnerships, trusts, joint stock companies, other entities or devices, or any combination thereof.

(2) Executive officer: The chief executive officer, president, chief financial officer, chief operating officer, each vice president with responsibility involving policy-making functions for a significant aspect of a person's business, secretary, treasurer, or any other person performing similar managerial or supervisory functions with respect to any organization, whether incorporated or unincorporated.

(3) Officers, directors, or other persons who direct the affairs of or control or establish policy for the applicant.

Prohibited Words in the Applicant's Name: Use of the words “bank”, “credit union”, “trust” or any variation thereof in Georgia is highly restricted by O.C.G.A. § 7-1-243. Generally, before the Secretary of State allows an entity to incorporate or register a name containing such restricted word(s), the entity will be required to obtain written permission from the Department to use such word(s). Use of the words “national” or “federal” in a name is restricted by Georgia law (O.C.G.A. § 7-1-130) and by federal law. Georgia law pertains specifically to financial institutions (which are defined in O.C.G.A. § 7-1-4(21)). The federal prohibition is found at 18 USC 709: False advertising or misuse of names to indicate Federal agency.

Formation Documents/Authority to Conduct Business in Georgia: Out-of-state applicants should obtain a Certificate of Authority from the Georgia Secretary of State showing that the foreign entity is registered to do business in the state of Georgia. For organizations being formed as domestic (Georgia) corporations, LLCs, LLPs, etc., the type of organizing document will vary (e.g., Certificate of Incorporation/Certificate of Organization). See the Georgia Secretary of State’s resources for further details.

Other Trade Names/DBA: Applicants should not include “dba” in front of their Other Trade Name. The name input in NMLS should be exactly as it will be used in advertising, documents, etc. Applicants should indicate if the Other Trade Name is forced by a state by checking the box in the forced column. A forced Other Trade Name is one that is required to be used because the state’s Secretary of State or other agency will not allow the company to use its legal name. This may be due to a number of reasons, including the company’s legal name is already used by another company in that state.
Other Trade Names must not include the words “corporation, incorporated, etc.” or any variation/abbreviation that would give the impression the entity is incorporated. **NOTE: The only exception to this will be in the case where the Trade Name is a “forced” name for Georgia in instances where the name is not available.**

The Georgia Secretary of State does not register trade names. Pursuant to O.C.G.A. § 10-1-490, trade names are registered with the clerk of superior court of the county in which the business is chiefly carried on or, in the case of a domestic corporation using a trade name, in the county of its legal domicile. A trade name is also known as a “DBA” or “fictitious name.” You can search for the appropriate clerk’s office by using the Georgia Superior Court Clerks’ Cooperative Authority’s website at [https://www.gsccca.org/clerks](https://www.gsccca.org/clerks). If there is no Georgia business location, DBA names should be registered with the appropriate authority in the licensee’s home state.

**Verification of Lawful Presence:** Pursuant to O.C.G.A. § 50-36-1, the Department is required to verify the lawful presence of every person submitting a new application. This is done by the submission of a Verification of Lawful Presence Affidavit completed by any one of the individuals listed as an owner or officer on the company’s MU1. Legal permanent residents, qualified aliens, and non-immigrants are required to re-verify their lawful presence annually at renewal once licensed. Please note that if the individual applicant is not a United States citizen, this Department may be required by O.C.G.A. §50-36-1 to verify their immigration status through the Federal Systematic Alien Verification of Entitlement (SAVE) program.

**Secure E-mail Communications from the Department:** The Department utilizes a secure electronic mail system to protect the integrity and confidentiality of confidential e-mail communication you receive from us. Be sure to read the following resource on our website to ensure that you do not miss important communications concerning clarification or additional information needed regarding control persons associated with the application. **Activities Authorized Under This License**

This license authorizes the following activities. See the [Business Activities Definitions](#) for a full list and description of the activity.

- Consumer loan lending

**Document Uploads Guidance**

Documents that must be uploaded to the **Document Uploads** section of the Company Form (MU1) in NMLS are indicated in the checklist below. When uploading documents:

- Follow the guidance in [Document Upload Descriptions and Examples](#).
- Only upload documents relevant to the company transition.
- Only upload documents where there is a selectable document category. If inappropriate documents are uploaded that should not be, you will be contacted by your regulator and asked to remove them from NMLS.
- Do not upload the same company documents multiple times. Generally, unless the document is state-specific, if the document has already been uploaded for another state, a new upload is not required unless changes have been made.
- If a document previously uploaded has been revised, delete the old document and replace it with the new document (history of the old document will remain in NMLS).
- For state-specific documents (e.g., Verification of Lawful Presence, Background Authorization Form), be sure to indicate the applicable state.
