GENERAL INFORMATION

North Dakota Department of Financial Institutions Consumer Division participates in the Multistate Money Services Businesses Licensing Agreement Program (MMLA), which creates a more efficient money service business licensing process among state regulators. If your company is seeking money transmitter licensure in more than five (5) states, participation in the MMLA may be right for you. See the [Multistate MSB Licensing Agreement Program](#) page of the NMLS Resource Center for more information.

Who Is Required to Have This License?

Any entity or Individual that engages in the business of the sale or issuance of payment instruments, stored value, or of receiving money or monetary value for transmission to a location within or outside the United States by any and all means, including wire, facsimile, or electronic transfer. Notwithstanding any other provision of law, "money transmission" also includes bill payment services not limited to the right to receive payment of any claim for another.

North Dakota Century Code Chapter 13-09.

Note: The Department is not currently regulating virtual currency transmission or the virtual currency exchange. A license is required to engage in peer-to-peer or business-to-business wallet or account transfers in fiat currency. However, at this time, the exchange or transmission of virtual currency and the exchange of fiat currency to facilitate the purchase or sale of digital currency, does not currently require licensure in North Dakota. Also, transferring fiat currency into a wallet on a platform for the sole purpose of purchasing digital currency, does not require licensure in North Dakota.

The ND Dept. of Financial Institutions does not issue paper licenses for this license type.

Document Uploads Guidance

Documents that must be uploaded to the *Document Uploads* section of the Company Form (MU1) in NMLS are indicated in the checklist below. When uploading documents:

- Follow the guidance in [Document Upload Descriptions and Examples](#).
- Only upload documents relevant to the company application.
- Only upload documents where there is a selectable document category. If inappropriate documents are uploaded that should not be, you will be contacted by your regulator and asked to remove them from NMLS.
- Do not upload the same company documents multiple times. Generally, unless the document is state-specific, if the document has already been uploaded for another state, a new upload is not required unless changes have been made.
- If a document previously uploaded has been revised, delete the old document and replace it with the new document (history of the old document will remain in NMLS).
- For state-specific documents (e.g., Surety Bonds), be sure to indicate the applicable state.
