

Description

NEVADA EXEMPT BRANCH REGISTRATION

Who may apply for an exemption branch registration?

Companies' branches who have other federal or state regulation. And independent loan processing companies who are required by the SAFE Act to sponsor licensed agents through the NMLS.

How does an applicant register exempt branches?

A Nevada exemption certificate allows a company to conduct business from multiple branch locations. If a company wishes to have multiple offices listed on NMLS and Division records, the company will be required to file MU-3 forms for each branch location. Although Nevada does not assess added fees for branch offices, NMLS does assess a separate fee for each office location. If the company wishes to list offices with the Division outside of NMLS, a separate list may be attached to the new exemption application checklist.

Who does not need this registration?

See the exemptions under Exempt Company Registration.

Pre-requisites for registration applications?

See the pre-requisites under Exempt Company Registration
